

NU TRIPE™

OUR FABULOUS **6** NEVER TASTED THIS GOOD
DOG CLASSIC

They Just Love It.

Nutripe Dog Classic

Our classic canned dog food is new and improved! It combines not one but two “superfoods”, Green Tripe and Green Lipped Mussels, into a single formula to create a powerhouse of benefits for your pets’ overall health. Dogs love the taste and you’ll love what it does for him! Green Tripe adds needed digestive enzymes, beneficial bacteria, improves metabolism and hormone function, and also boosts the immune system.

Green Lipped Mussels provide Omega 3 Fatty Acids, Glucosamine, and Chondroitin Sulphate for improved skin condition, coat appearance, and joint health. This is a winning combination for you and your pet!

HEALTH & NUTRITION

Nutripe recognizes the significance of your pet as a loyal friend and companion. You want the best for him and we are committed to providing it. We select only the finest ingredients for each of our high quality foods to support optimal health and wellness for your lifelong friend.

Green Lipped Mussel Extract

Green Lipped Mussel Powder or GLMP is the extract of naturally harvested Green Lipped Mussels using a freeze drying technique. GLMP contain natural sources of Chondroitin Sulphate, Glucosamine Sulphate, Omega 3 Fatty Acids and Glycosaminoglycans which is beneficial for joint care and management.

No Artificial Colors

No artificial colors are added to keep our food products natural and pure and to preserve taste for your pet.

No Artificial Preservatives

No artificial preservatives will be found in Nutripe products to assure high nutritional quality and freshness.

Free Range Tripe

Green Tripe is rich in digestive enzymes and beneficial bacteria. Nutripe canned foods contain the best source of this high nutrient food from free-ranging cattle to ensure your pet gets the most nutritional benefit from each meal. Rich in digestive enzymes and beneficial bacteria, green tripe aids in digestion, purifies and cleanses the blood, improves metabolism and hormone function and gives a boost to the immune system.

Grain Free

Our grain-free formulas are hypoallergenic eliminating ingredients, such as wheat and corn that can cause allergies and digestive issues and impair the health of your pet. Our grain-free foods offer an alternative food product that is closer to the ancestral diet of meat-loving pets and assures the optimal health and nutritional growth of your pet.

Easy to Digest

The same digestive enzymes, gastric juices, amino acids, and beneficial bacteria that naturally break down food and optimize health in cattle, do the same thing for your pet after each meal.

Skin & Coat Recipe

Omega 3 found in Green Lipped Mussels helps to maintain healthy skin and shiny coat and overall good health.

NUTRIPE™

OUR 8 HEALTHY DELICIOUS DELICACIES
CAT CLASSIC

They Just Love It.

Nutripe Cat Classic

We received countless requests to extend our highly palatable & nutritious canned food for dogs TO cats. Obviously, their owners must have seen the benefits. We got to work, constructing high-protein and grain-free formulas to have them eating happily and healthily. It took us a while, and it was hard work getting them ready, but the end result was well worth the effort.

Your cat's satisfaction is guaranteed!
